Master Guide & README

Overview of all project documentation and how to navigate it

Date: November 21, 2025

Purpose

This guide serves as the central index for all adidas AI L&D project documentation, helping team members quickly locate the information they need.

Document Categories

Strategic Documents

- Executive Briefing – High-level overview for stakeholders
- Website Structure Outline – Complete website specification

Operational Documents

- Weekly Progress Reports – Current status and action items
- Project Timeline & Roadmap – Full project timeline with milestones

Handover Documents

- Project Context Document – Comprehensive background for successor
- Stakeholder Map – Key contacts and organizational structure

How to Navigate

All documents are available through the project website document repository. Contact the project team for specific document access.
